

Graph::edmondsKarp

```
graph LR; A[Graph::edmondsKarp] --> B[Graph::getWaterReservoirs]
```

A diagram showing a call from the `Graph::edmondsKarp` method to the `Graph::getWaterReservoirs` method. The `Graph::edmondsKarp` box is shaded gray, and the `Graph::getWaterReservoirs` box is white. A blue arrow points from the left box to the right box.

Graph::getWaterReservoirs
